Naturally

All the birds have been blue
they don't know what to do
ever since you said goodbye to me
And the flowers in their gloom
have just refused to bloom
'cause we all want you back. You see
Naturally.

All the birds have been blue
they don't know what to do
ever since you said goodbye to me
And the flowers in their gloom
have just refused to bloom
'cause we all want you back. You see

Now even mister moon
is left without a tune
and his shadow's lost the harmony
so don't waste any time
come back and change your mind
everything will work out naturally

You know that life is a struggle
and only the strong one will survive
so it's up to me and you
to do what we got to do
to keep our love alive.

And now the bees have been gone
they know that somethings wrong
'cause they don't feel like buzzing at all
and the **stars up in the sky**
all they do is cry
and thats why the rain must fall

And the early moning sun
he knows that you're the one
and we will miss your compagny
so dont waste any time
come back and change your mind
everything will work out naturally

You know that life is a struggle
and only the strong one will survive
so it's up to me and you
to do what we got to do
to keep our love alive.

....so dont waste any time
come back and change your mind
We'll be singing harmonies
with the bird and bees
If only you'll be mine
things will work out fine ...naturally
